SCULPTURAL DETAILS

Cuna combines sculptural details with soft diffuse lighting. Made from powder-coated steel with all parts hanging on to each other without assembly - only gravity is in use. Cuna is a timeless Scandinavian piece of design that places functional lighting first.

We take the story of Scandinavian design further than ever before by combining aesthetics, simplicity and functionality and infusing it with thoughtful craftsmanship and environmental care. Our designs are deeply rooted in the diverse urban landscape and raw nature surrounding our home in the heart of Copenhagen, Denmark. Having begun our journey in November 2008, we are celebrating our 10th anniversary this year by constantly growing and expanding the conventions around contemporary design.
