SOMETHING WAS MISSING ... LARGER – IS THIS WHAT YOU'VE BEEN WAITING FOR?

With a trendy, yet timeless colour palette, resembling the calm earth tones of Nordic nature, this lampshade offers a soft, warm light. The Eos is the perfect neutral for modern minimalist interior décors, adding a sophisticated and elegant touch. Whether in a state-of-the-art living room or in a classic bedroom, it will bring a distinctive character and a soothing vibe to your space.

Finding the perfect size lampshade for an interior design is often a difficult task. At UIMAGE, we pride ourselves on always helping our customers achieve the best fit for their homes by offering a creative range of sizes for our lampshades and by introducing innovative solutions like the UIMAGE Unfold at Home app, an augmented reality app that helps customers imagine the way our lamps fit the existing décor of a home, from size and shape to colour, thus addressing one of the biggest challenges when buying interior designs. The app is available for download free of charge for both iOS and Android users.

We take the story of Scandinavian design further than ever before by combining aesthetics, simplicity and functionality and infusing it with thoughtful craftsmanship and environmental care. Our designs are deeply rooted in the diverse urban landscape and raw nature surrounding our home in the heart of Copenhagen, Denmark. Having begun our journey in November 2008, we are celebrating our 10th anniversary this year by constantly growing and expanding the conventions around contemporary design.
