MANY SHADES OF BEAUTY

The Eos lampshade draws its force and beauty from the earth tones of the Nordic landscape. A natural colour palette that creates a warm and welcoming atmosphere – this is the quintessence of the Eos family! With a neutral and harmonious colour, the Eos lampshade will perfectly suit any minimalist interior design, adding a sophisticated and elegant touch. Either in a modern living room or in a classic bedroom, this lampshade will bring a trendy yet timeless look and a soothing vibe to your space.

“The Eos blends with the room and brings out the best in it. It fits perfectly in a light environment without many impressions, with, for example, only earth colours or dark wooden tones”, explains Soren Ravn Christensen, Founder and Chief Creative Developer.

We take the story of Scandinavian design further than ever before by combining aesthetics, simplicity and functionality and infusing it with thoughtful craftsmanship and environmental care. Our designs are deeply rooted in the diverse urban landscape and raw nature surrounding our home in the heart of Copenhagen, Denmark. Having begun our journey in November 2008, we are celebrating our 10th anniversary this year by constantly growing and expanding the conventions around contemporary design.
