AN INTERIOR DESIGN MEANT TO STAY

Inspired by nature and with their characteristic organic, triangular shaped blades, the Silvia lamps cast a warm and glarefree ambient light, making them artistic pieces to illuminate that special spot in a home. The stylish metallic colour confers a glamorous edge to the design and tells a “story” of authenticity and timelessness.

Available in a mini and medium size, the Silvia lamp comes in a white, copper, steel and brushed brass version. These could be used either as pendants, floor lamps, or table lamps, making these lamps versatile design pieces. Because the light bulb is not visible from any angle, these stylish lampshades are perfect for any height and any place in a home.

We take the story of Scandinavian design further than ever before by combining aesthetics, simplicity and functionality and infusing it with thoughtful craftsmanship and environmental care. Our designs are deeply rooted in the diverse urban landscape and raw nature surrounding our home in the heart of Copenhagen, Denmark. Having begun our journey in November 2008, we are celebrating our 10th anniversary this year by constantly growing and expanding the conventions around contemporary design.
