

LEATHER FROM SORENSEN LEATHER

DUNES | Leather from Sorensen Leather

The DUNES collection has received the Nordic Swan Ecolabel. A highly-respected certification verifying that it meets their rigorous requirements regarding the environment, use of energy and resources. A special process involving sanding, buffing and applying a special type of leather oil to the surface gives it that almost velvety

touch. At the same time, DUNES boasts a matt look that's raw with a touch of understated elegance. Part of DUNES' extra appeal are the subtle, natural markings which bring a unique personality to each hide. The five colours we feature will also vary from hide to hide and with each individual hide. Watch for a delicious patina

that will appear over time as a result of the leather's exposure to daylight, interior lighting and usage. In fact, the more you use DUNES, the more the leather becomes shinier and smoother.

ULTRA | Leather from Sorensen Leather

One of the most versatile leathers around, ULTRA is everything you would want in an "everyday" type of leather. Buffed and embossed and truly nice to touch, the surface of ULTRA boasts a uniform grain pattern spanning

over the entire hide. Making it a dream to work with for designers. ULTRA has some additional amazing attributes. Thanks to its extremely strong protective finish, it's very user-friendly and easy to maintain. Stains don't even leave

a mark once wiped away using a fresh cloth with water. What's more, as a leather with a heavy surface protection, ULTRA will take longer to show signs of aging or fading due to exposure to light.
